Oh, I know!! Why don't we all go together?
It can be like a family trip.
If Chi's going then I wanna go too!
Me too.
I'm not going.

Urk.
Dammit. Fine. I'll go.
Then it's decided.
Yay!

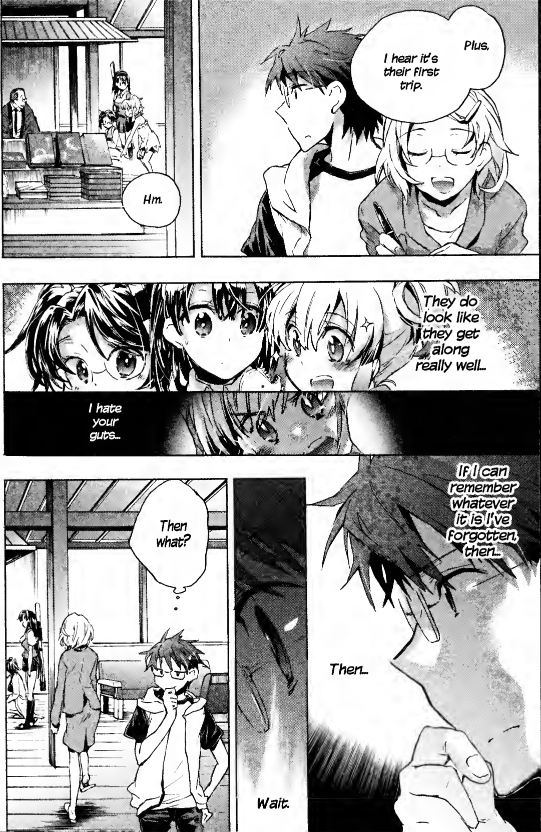
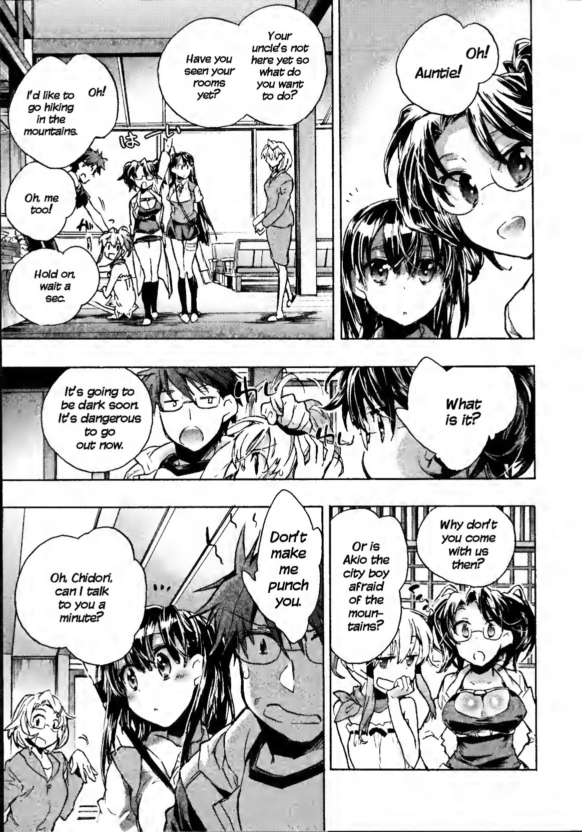
A bathhouse inn?
Your father wanted to stay at a bathhouse.



Plus, I hear it's their first trip.
Hm.
They do look like they get along really well...
I hate your guts...
If I can remember whatever it is I've forgotten, then...
Then...
Wait.
Then what?



Oh! Auntie!
Your uncle's not here yet so what do you want to do?
Have you seen your rooms yet?
Oh!
I'd like to go hiking in the mountains.
はーい
Oh, me too!
Hold on, wait a sec.
What is it?
It's going to be dark soon. It's dangerous to go out now.
Why don't you come with us then?
Or is Akio the city boy afraid of the mountains?
Don't make me punch you.
Oh, Chidori, can I talk to you a minute?

Go on, Chidori.

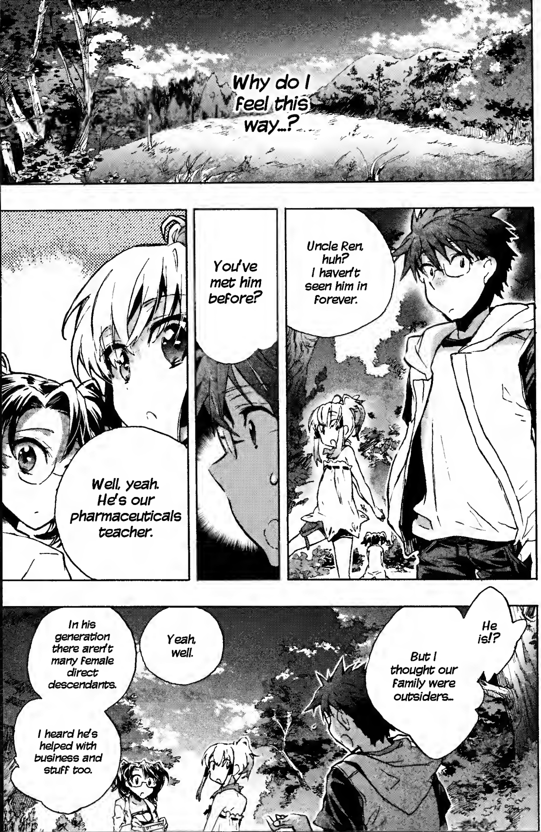
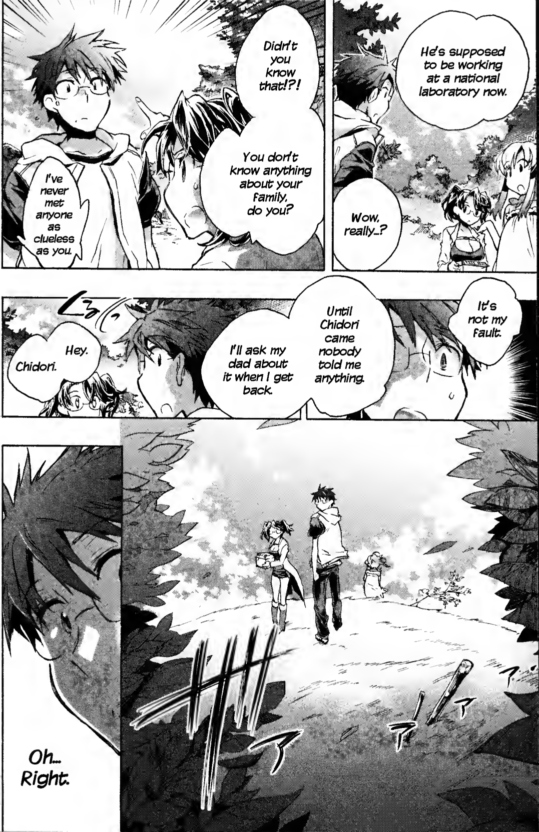
Huh...? This feels strange...

*Right SFX: Panic

*SFX: Nod



Why do I feel this way...?
Uncle Ren, huh? I haven't seen him in forever.
You've met him before?
Well, yeah. He's our pharmaceuticals teacher.
He is!?
But I thought our family were outsiders...
Yeah, well.
In his generation there aren't many female direct descendants.
I heard he's helped with business and stuff too.



He's supposed to be working at a national laboratory now.
Wow, really..?
Didn't you know that!?!
You don't know anything about your family, do you?
I've never met anyone as clueless as you.
It's not my fault.
Until Chidori came nobody told me anything.
I'll ask my dad about it when I get back.
Hey. Chidori.

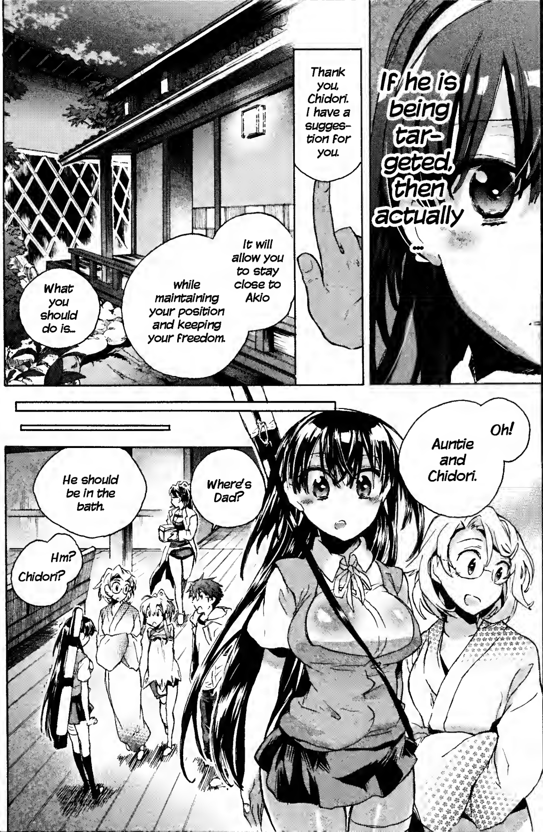
Chidori's been sticking to me like glue.
I guess I've gotten used to it.
I forgot she didn't come with us...
Oh, no need for that with me, Chidori.
Your Uncle Hatsuno sent you here, didn't he?
And you believe that Akio is being targeted.
こくん
It's strange...
I'm not sure why anyone would be after Akio now...

*SFX: Nod



If he is being tar-geted, then actually ...
Thank you, Chidori. I have a sugges-tion for you.
It will allow you to stay close to Akio
while maintaining your position and keeping your freedom.
What you should do is...
Oh! Auntie and Chidori.
Where's Dad?
He should be in the bath.
Hm? Chidori?

Oh boy… It's great being home with the family.

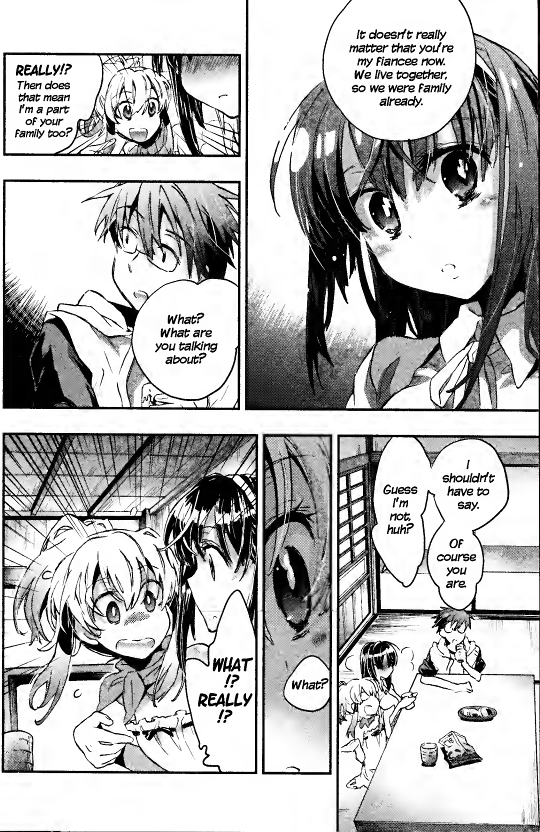
Well sure, you guys are engaged so you're basically family already.
Ahh. She looks like she likes that.
ポッ ポッ ポッ
N-- Nothing needs to change though.



It doesn't really matter that you're my fiancee now. We live together, so we were family already.
REALLY!? Then does that mean I'm a part of your family too?
What? What are you talking about?
Guess I'm not, huh?
Of course you are.
I shouldn't have to say.
What?
WHAT!? REALLY!?

Akio was always popular with the older girls in the village...
ちやほや
This must be why.

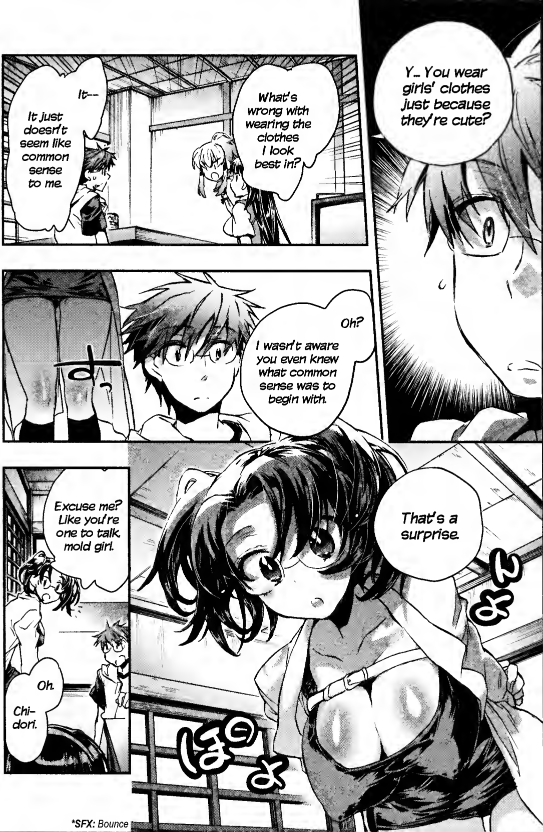
No!
I didn't mean it like that! I like girls!
I don't like guys! Actually I hate them!
Then why do you dress like that?
Huh?
Because it's cute, of course.



Y... You wear girls' clothes just because they're cute?
What's wrong with wearing the clothes I look best in?
It--
It just doesn't seem like common sense to me.
Oh?
I wasn't aware you even knew what common sense was to begin with.

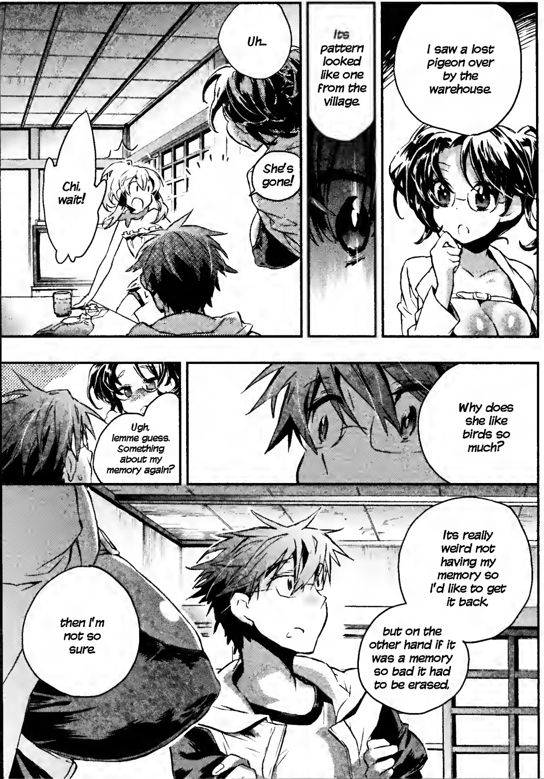
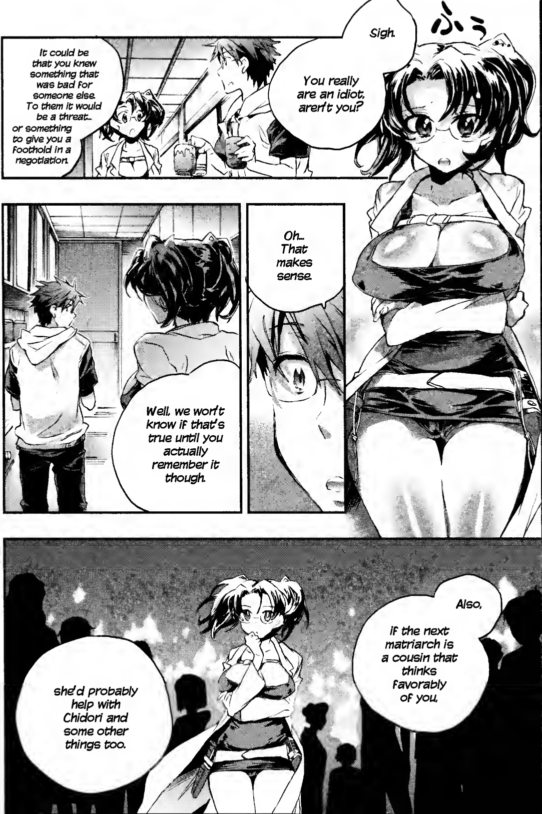
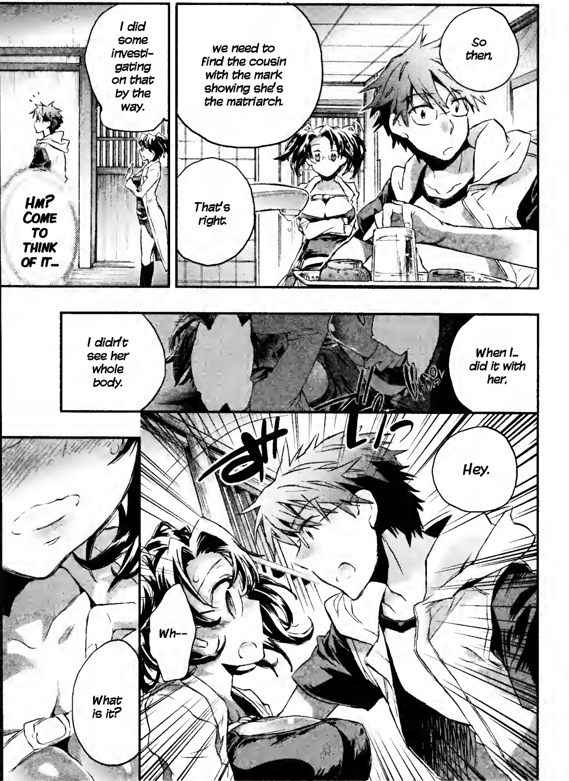
*SFX: Bounce



I saw a lost pigeon over by the warehouse.
Its pattern looked like one from the village.
Uh...
She's gone!
Chi, wait!
Why does she like birds so much?
Ugh, lemme guess. Something about my memory again?
Its really weird not having my memory so I'd like to get it back.
but on the other hand if it was a memory so bad it had to be erased,
then I'm not so sure.



ふぅ
Sigh.
You really are an idiot, aren't you?
It could be that you knew something that was bad for someone else. To them it would be a threat... or something to give you a foothold in a negotiation.
Oh... That makes sense.
Well, we won't know if that's true until you actually remember it though.
Also,
if the next matriarch is a cousin that thinks favorably of you,
she'd probably help with Chidori and some other things too.



So then,
we need to find the cousin with the mark showing she's the matriarch.
That's right.
I did some investigating on that by the way.
Hm? Come to think of it...
When I... did it with her,
I didn't see her whole body.
Hey.

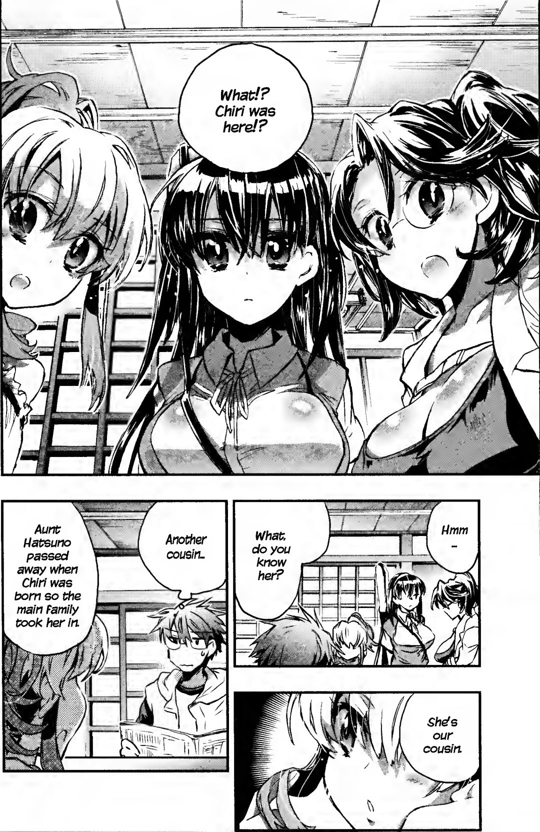
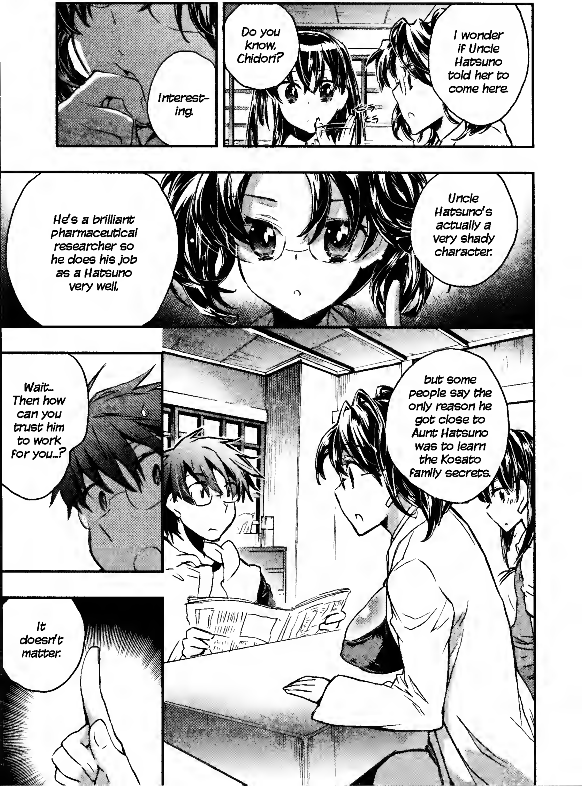
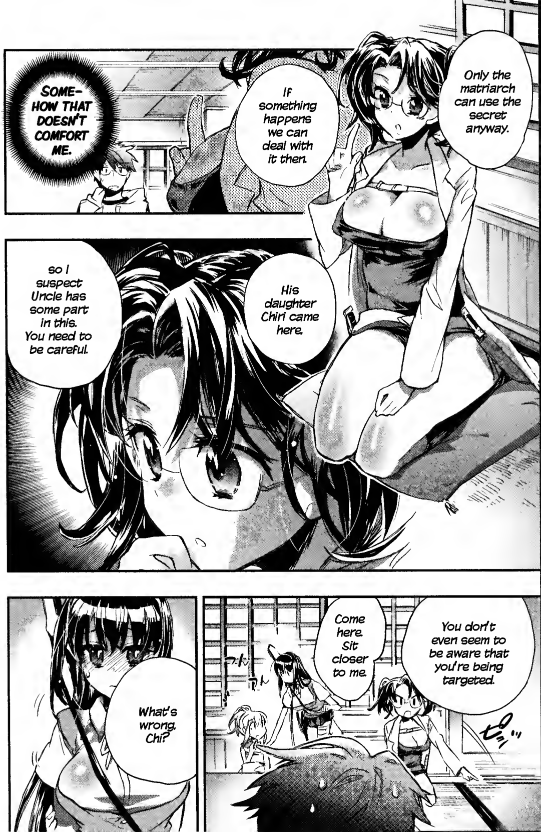
第13話



What!? Chiri was here!?
Hmm ...
What, do you know her?
She's our cousin.
Another cousin...
Aunt Hatsuno passed away when Chiri was born so the main family took her in.



I wonder if Uncle Hatsuno told her to come here.
Do you know, Chidori?
Interesting.
Uncle Hatsuno's actually a very shady character.
He's a brilliant pharmaceutical researcher so he does his job as a Hatsuno very well,
but some people say the only reason he got close to Aunt Hatsuno was to learn the Kosato family secrets.
Wait... Then how can you trust him to work for you...?
It doesn't matter.



Only the matriarch can use the secret anyway.
If something happens we can deal with it then.
SOME-HOW THAT DOESN'T COMFORT ME.
His daughter Chiri came here.
so I suspect Uncle has some part in this. You need to be careful.
You don't even seem to be aware that you're being targeted.
Come here. Sit closer to me.
What's wrong, Chi?

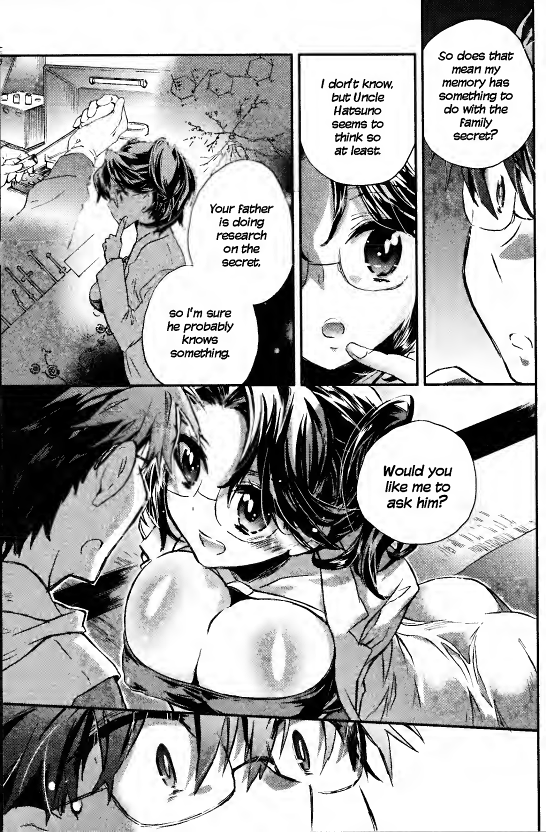
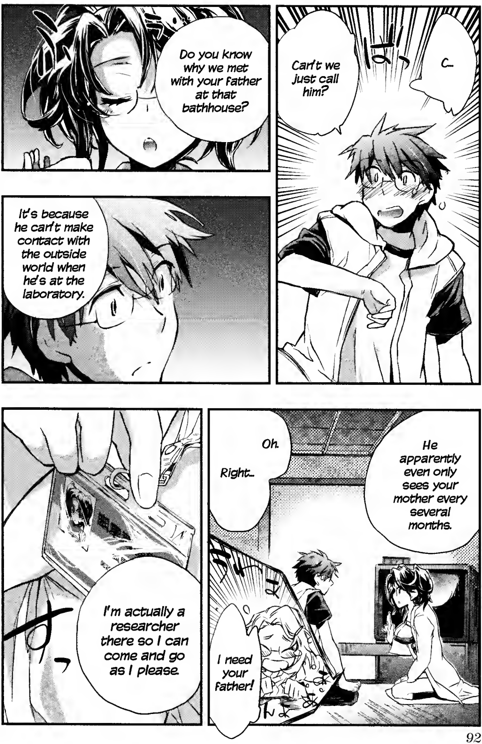
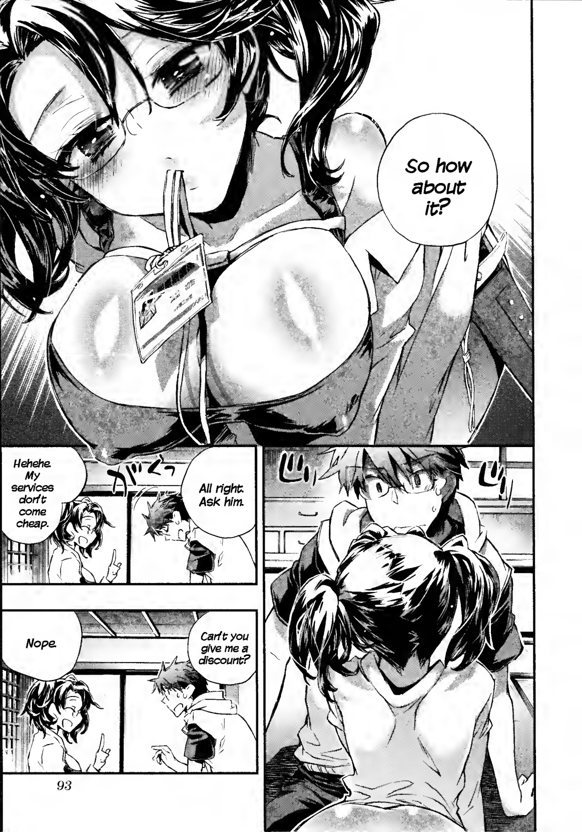
Blah, blah, blah, blah, blah, blah, blah.
So,
getting back to Uncle.
ほ…
She's finally stopped scolding me…
Chidori said you're being targeted,
and she came here to protect you.
He probably wanted you to feel indebted to Chidori so you'd tell her about your memory.



So does that mean my memory has something to do with the family secret?
I don't know, but Uncle Hatsuno seems to think so at least.
Your father is doing research on the secret,
so I'm sure he probably knows something.
Would you like me to ask him?



Do you know why we met with your father at that bathhouse?
It's because he can't make contact with the outside world when he's at the laboratory.
C..
Can't we just call him?
He apparently even only sees your mother every several months.
Oh.
Right..
I need your father!
I'm actually a researcher there so I can come and go as I please.



So how about it?

All right. Ask him.

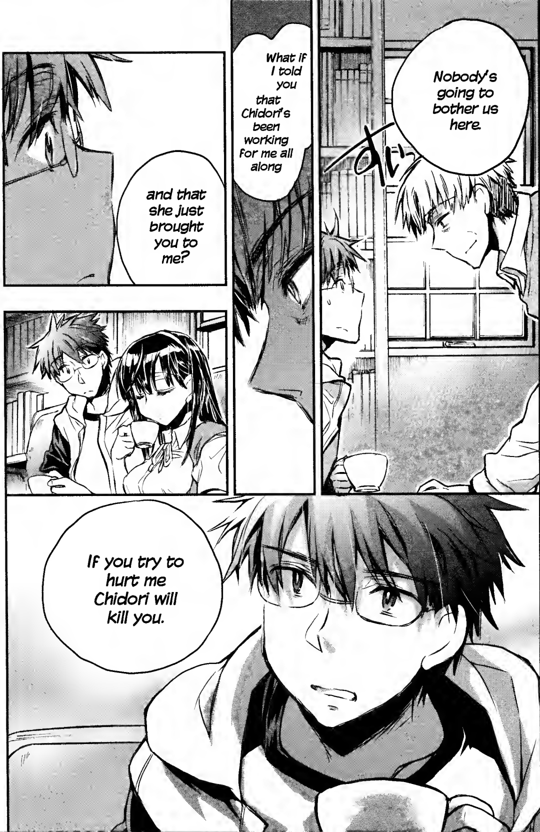
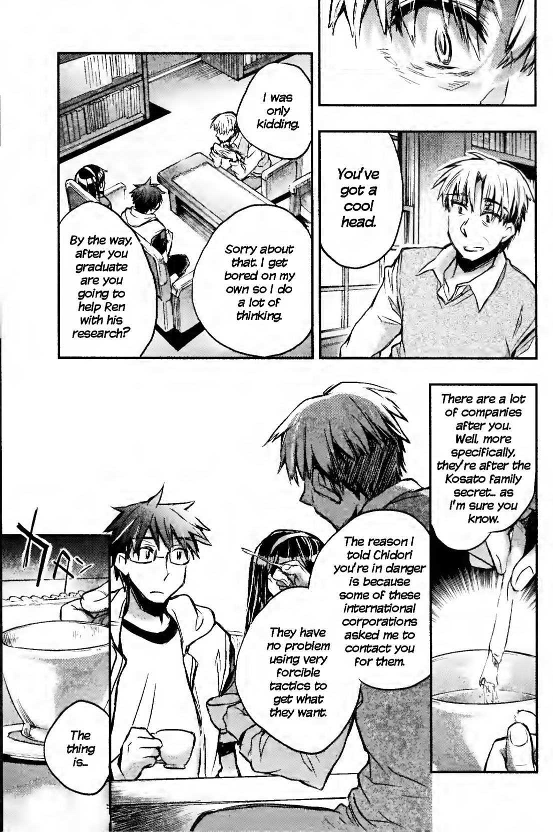
I thought Chiri was raised by the main family...



Nobody's going to bother us here.
What if I told you that Chidori's been working for me all along
and that she just brought you to me?
If you try to hurt me Chidori will kill you.



You've got a cool head.
I was only kidding.
Sorry about that. I get bored on my own so I do a lot of thinking.
By the way, after you graduate are you going to help Ren with his research?
There are a lot of companies after you. Well, more specifically, they're after the Kosato family secret... as I'm sure you know.
The reason I told Chidori you're in danger is because some of these international corporations asked me to contact you for them.
They have no problem using very forcible tactics to get what they want.

The thing is...

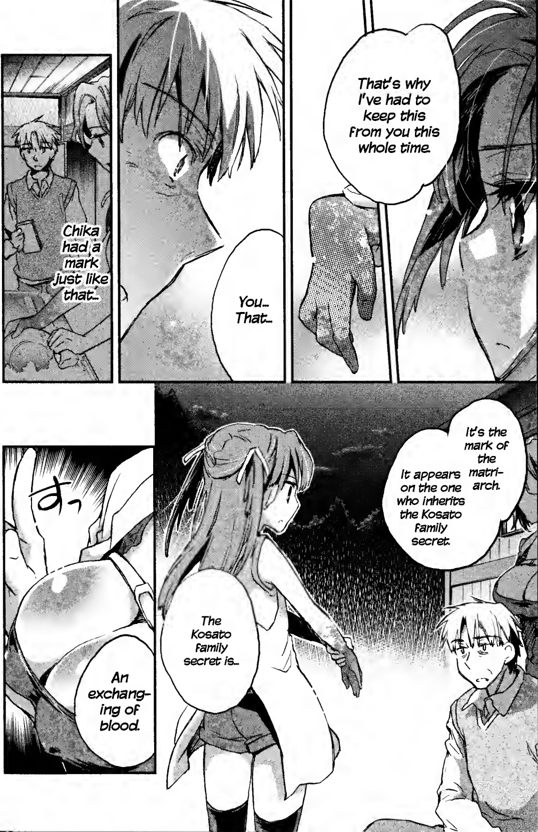
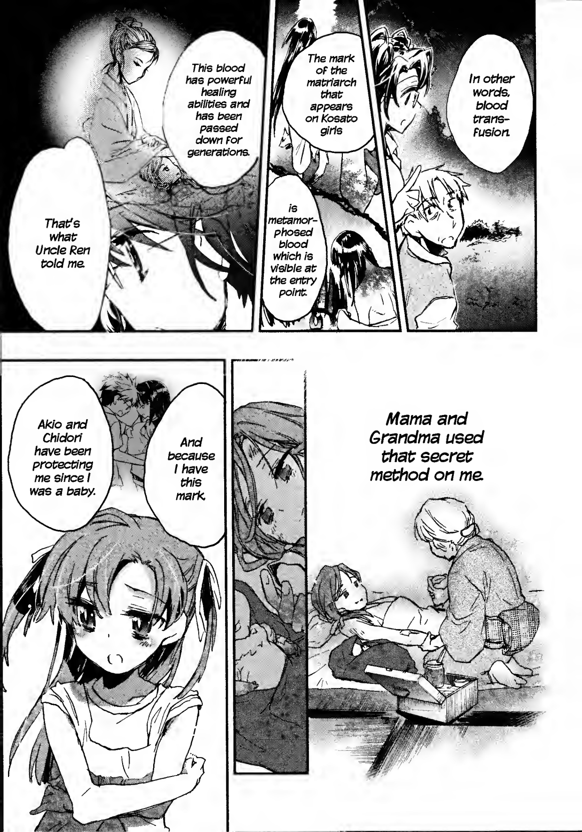
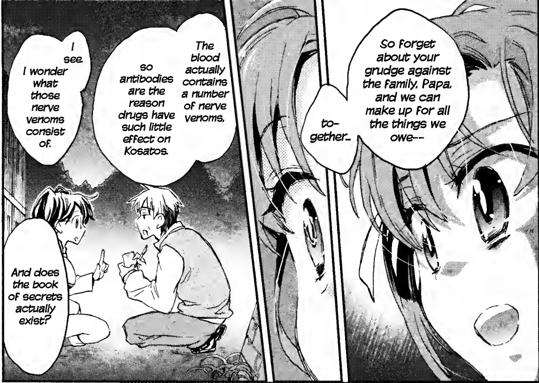
What about you, Papa!?
You've been trying to sell Akio and find out the family secret.



That's why I've had to keep this from you this whole time.
You... That...
Chika had a mark just like that...
It's the mark of the matriarch.
It appears on the one who inherits the Kosato family secret.
The Kosato family secret is...
すっ
An exchanging of blood.



In other words, blood transfusion.
The mark of the matriarch that appears on Kosato girls
is metamorphosed blood which is visible at the entry point.
This blood has powerful healing abilities and has been passed down for generations.
That's what Uncle Ren told me.
Mama and Grandma used that secret method on me.
And because I have this mark.
Akio and Chidori have been protecting me since I was a baby.



So forget about your grudge against the family, Papa, and we can make up for all the things we owe--
to-gether...
The blood actually contains a number of nerve venoms,
so antibodies are the reason drugs have such little effect on Kosatos.
I see. I wonder what those nerve venoms consist of.
And does the book of secrets actually exist?

Thank you for purchasing volume 2. For the time being at least, Itokoi Chidori is over. I wrote the first half of this volume thinking I'd be able to make the series three volumes long so there are some sudden developments out of nowhere, but I'm just relieved we were able to compile everything for the volume.

I'm sure many of you know the reason I wasn't able to make the series as long as I wanted, but for those who don't, the first volume was designated "harmful" under Tokyo's Youth Ordinance Bill. We can't make the series multiple volumes long if we can't even sell the first volume, so we just ended it with volume 2.

This was a series I'd gotten a little attached to myself, so I'm disappointed it had to have a different ending than what I'd originally planned.

I'm also disappointed with the way things are going in the industry, where everything is forced to follow a certain framework.

I'm going to have another series running in Young Comic magazine ("Niidzuma no Sodatekata" -- "How to Raise a Newlywed Wife"), so if you're interested, I'll be very happy if you read it.

Well, I'll leave it at that. I'll see you again sometime someplace.
